Carer Voice Groups (Online)

Cheshire East Carers Hub is focused on carers of Cheshire East being at the heart of the service, ensuring carers feel valued and encouraged to thrive. These groups will provide an opportunity for carers to come together and share feedback about carer services. They will promote collaborative thinking and bring together a variety of skills, ideas and lived experiences to help solve problems with shared solutions to shape the service carers deserve.

Each session will require focus, care, and creativity to determine ideas, stages and overcome any challenges to achieve set goals. Our carer voice group is aimed at identifying exciting opportunities and events to work together towards achieving more in 2026. As carers live through experiences, you are the experts. Have your voices heard!

- **Parent Carer Voice group: 24 November, 12:30pm - 1pm (online)**
- **Adult Carer Voice Group: 25 November, 12:30pm - 1pm (online)**

This is being held online so more carers can have their say to help shape the service. Booking is required to access the link which will be sent to carers closer to the time.

Thank you!

In June we held two carers events to celebrate Carers Week 2026, which took place on 9 June in Middlewich, and 11 June in Macclesfield.

Both events proved successful and we would like to thank all carers that dropped in, and all organisations that took part to help us celebrate our carers in the community!

This year's theme is "Know your rights, use your rights" and we would be delighted to invite all carers to join us.

CCBT Service

The CCBT service within the Cheshire East Carers Hub offers one to one mental health and wellbeing support with a dedicated Psychological Wellbeing Support Worker.

making space
Kind hearted care and support

Our support can be delivered over the phone or by video call on days/times that are convenient for you, for around 6-8 weeks.

Support is tailored around learning simple techniques based in cognitive behavioural therapy, to help you to manage feeling low, anxious or overwhelmed, as well as creating a space to talk through what is going on for you.

Our team will create a safe and supportive space for you to express your concerns and will listen and work with you, at your own pace, to guide you through. Our support is tailored to suit your style of learning. So far, this project has helped some of the carers who have opted in to manage their wellbeing, feel more in control and feel better.

How to contact us

If you are interested in support or would like further information, please contact one of the Cheshire East Carers Hub team, who can send a referral to us. We will need your consent to contact you and will store your details securely.
